### Thursday, March 28

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
</table>
| 13H30  | Welcome address  
Antoine Durrbach (Créteil), Julien Zuber (Paris) |
| 13H45-14H15 | Ethical and social aspects regarding xenotransplantation  
Johannes Kögel (Munich) |
| 14H15-14H45 | Regulatory and scientific challenges on the path toward clinical implementation of a xenotransplantation program  
Jayme Locke (Birmingham) |
| 14H45-15H15 | Preparing the pathway to clinical xenotransplantation - UK experience  
Rommel Ravanan (Bristol) |
| 15H15-15H45 | Round table  
Johannes Kögel (Munich), Jayme Locke (Birmingham), Rommel Ravanan (Bristol) |
| 15H45-16H15 | Coffee Break |
| 16H15-16H45 | The many natural barriers to transgress in xenotransplantation  
Jean-Marie Bach (Nantes) |
| 16H45-17H15 | Human and porcine MHC discrepancy: impact on T cell xenoinnate responses  
Reinhard Schwinzer (Hannover) |
| 17H15-17H45 | Combined thymus and kidney xenotransplantation to promote central tolerance: way to go?  
Julien Zuber (Paris) |
| 17H45-18H15 | Evidence for early rejection of pig kidney xenoraft in the clinic  
Alexandre Loupy (Paris) |
| 18H15-18H45 | Round table  
Jean-Marie Bach (Nantes), Reinhard Schwinzer (Hannover), Julien Zuber (Paris), Alexandre Loupy (Paris) |

### Friday, March 29

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
</table>
| 8H15-8H45 | Mitigation of zoonosis risk in xenotransplantation  
Jay Fishman (Boston) |
| 8H45-9H15 | Risk of infection, prophylaxis and therapies: gaps in the toolbox  
Jay Fishman (Boston) |
| 9H15-9H45 | Tailored immunosuppressive therapies in Pig-to-Human transplantation  
Gilles Blancho (Nantes) |
| 9H45-10H15 | Round table  
Jay Fishman (Boston), Gilles Blancho (Nantes) |
| 10H15-10H45 | Coffee Break |
| 10H45-11H15 | Xeno islets transplantation vs islet organoids: which strategy will cross the finish line first?  
Ekaterine Berishvili (Geneva) |
| 11H15-11H45 | IPSC-derived organoids: hype or hope for regenerative medicine?  
Ali Turhan (Paris) |
| 11H45-12H15 | Tissues and species-specific regulation of complement  
Carine El Sissy (Paris) |
| 12H15-12H45 | Gene modifications to mitigate innate xenogeneic immune responses in human recipients: is it enough?  
Jayme Locke (Birmingham) |
| 12H45-13H00 | Round table  
Carine El Sissy (Paris), Jayme Locke (Birmingham) |
| 13H00  | Closing remarks  
Lionel Couzi (Bordeaux), Olivier Thaunat (Lyon) |
